

Fork Mounted Sweepers

This particular attachment really makes industrial sweeping tasks a lot easier to accomplish. The versatile forklift mounted broom is designed for use with either wet or dry material clean ups. It could push snow and squeegee water with no trouble. This attachment is often used to clean garbage from parking lots, warehouses, construction sites, docks and virtually wherever it is considered necessary. The lift truck sweeper is a low maintenance accessory that utilizes quick-tite fork products to easily mount to the forklift.
